PROFILE

I am an experienced and industrious software engineer. I have a track record of success, and am looking for my next challenge.

I have successfully delivered multiple projects on-time, working on a fast paced, high availability, low latency single page application website.

SKILLS

- TypeScript.
- Swift.
- HTML5 & CSS3.
- JavaScript.
- Algorithmic mindset.
- Technical documentation.
- Mentoring.
- Project planning.
- High standards of work and attention to detail.
- Testing & profiling.
- Agile
- SOLID

EXPERIENCE

SOFTWARE ENGINEER

BET365 | OCT 2017 - PRESENT

- Talented software developer, delivering projects on the mobile, web and iOS app products.
- Entrusted with out of hours on-call duties, and mentoring juniors, working in a high pressure environment.

FREELANCE WEB DEVELOPMENT

KITE APPAREL | DEC 2016 - JAN 2017

- Produced a website, with 40 product pages from a customers specification.
- Worked collaboratively with a client to understand their needs; successfully created their site. Gained the ability to be incredibly accurate, as this project was completed alone. Delivering on time and on budget.

SOFTWARE ENGINEER TRAINEE

FDM GROUP | APR 2012 - JAN 2013

- Finished a comprehensive programming training course covering: SQL, UNIX, OOP & C#.
- Received a passing grade and was immediately placed, passing all technical & business interviews.

VARIOUS VOLUNTEERING ACTIVITIES

MANCHESTER | OCT 2011 - JULY 2017

- Various volunteering roles from teaching an MMA class, reading to disadvantaged children, tree planting & library work.
- As a reading volunteer some children jumped two reading years in six months, as a result of firm & fair pupil control

EDUCATION

NORTH CODER'S IGNITE COURSE

MANCHESTER NORTH CODERS | 2017

BACHELOR OF SCIENCE, BIOLOGY

MANCHESTER METROPOLITAN | 2014 - 2017
